

NFC Hidden Drawer Lock Furniture Locker Lock

CB-99White

Advantages

- 1.Upgraded NFC sensing, the sensing distance can reach 4.5CM, approach the lock installation location, and it will open with one swipe.
- 2.The new generation of sensitive card swiping does not require waiting to get close to unlock the door. It can unlock the door in 0.1 seconds with sensitive response.
- 3.Smart core: powerful core, performance improved by 40%, using a new generation of chip processor, strong stability.
- 4.Low-battery anti-lock function, automatic unlocking for more peace of mind.
- 5.Solid thickened stainless steel lock tongue is safe and secure, using 8.5mm stainless steel thickened solid lock tongue, safe and anti-theft, strong and durable.
- 6.Hidden installation, no need to punch holes and does not affect the appearance of the cabinet.
